# INCREDIBLE CREATURES THAT DEFY EVOLUTION

*The Incredible Creatures That Defy Evolution* series enters the fascinating world of animals to reveal sophisticated and complex designs that cannot be explained by evolutionary theory and can only be attributed to a brilliant creator.

Have you ever wondered....

- Are there really creatures that produce fire to defend themselves?
- How does a giraffe get a drink without causing lethal blood pressure to his brain?
- How can Geckos walk upside down, even on glass and not fall?
- How the Emperor Penguin can go two and a half months without eating and drinking?
- How some birds can navigate over thousands of miles of ocean and never get lost?

THE INCREDIBLE CREATURES SERIES IS TECHNICALLY ROBUST AND VISUALLY STIMULATING. IT'S EXCITING FOR ALL AGES. IF IT WAS A BOOK YOU WOULDN'T BE ABLE TO PUT IT DOWN!

**DVD 1: FROM ABRAHAM TO JESUS**  
From Abraham to Jesus is an exciting 2000 year overview of the history of Israel beginning with Abraham, the first Jew and Father of Nations, and culminating with the birth in Bethlehem of Jesus, the Jew who divided history.

**DVD 2: JESUS – THE JEW WHO DIVIDED HISTORY**  
Of Jesus, the Jew who divided history, it has been said that 'all of the armies that ever marched, all of the navies that ever sailed, and all of the kings that ever reigned have not affected the life of man on this earth more than this ONE SOLITARY LIFE.'

**DVD 3: ANTI-SEMITISM**  
This unit examines the origins and roots of anti-Semitism, this evil plague's negative impact on Jewish life in every culture and in virtually every generation. What is the link between anti-Semitism and the rebirth of Israel, a new nation called by an ancient name.

**DVD 4: ALIYAH – REBIRTH OF A NATION**  
Can a nation be born in a day? At its rebirth in 1948, Israel's Jewish population stood at 600,000. Today it is closer to 6 million. ALIYAH is the word used to describe this mass migration.

**DVD 5: ISRAEL IN CRISIS**  
Since her rebirth in 1948, Israel has struggled to survive as a Jewish homeland in a hostile neighborhood, a democracy surrounded by nations governed by dictators. Yet, somehow Israel has continued to survive and thrive.

**DVD 6: WHAT TIME IS IT?**  
Arragegdon: the mother of all battles. How do we explain the fact that one of the smallest nations on earth, both in terms of population and land area, is headline news every day? And why has Jerusalem, a city virtually ignored for 2000 years, suddenly become the focus of the nations?

# Rebellion of Thought

**Post-modernism, the church and the struggle for authentic faith**

What is post-modernism? How has it affected our culture? How will it impact our future? Does man truly need God or is God merely a fairytale idea leftover from a past cultural experiment? These questions are the launching point for Rebellion of Thought, as filmmakers, The Brothers Williamson examine a new generation that refuse to accept authority, code and convention. They probe the impact and consequences of such thinking both for the church and society.

Parents, educators, small group leaders and Christian churches ignore the questions raised in Rebellion of Thought at their own peril. Without this critical examination, the result of post-modernism will bankrupt future generations in the years to come.
